

Fruit Bowl exercise

Worked in Dry Point Pencil (wax type)

Suitable pencils from Faber Castell (Polychromos) Caran d'Ache (Pablo)

Derwent (Coloursoft Artists or Studio)

Or water soluble pencils from any of these manufacturers or Staedtler Karat Aquarelles but used as dry pencils. Cheap 'own brand' pencils from stationers and supermarkets will not work as well as good pencils made for artwork.

.....

You will need around 12 pencils mainly from white through cream to yellow and orange. An apple red and green, a sepia and some blues for the background and plate. The wider the selection the easier will be the exercise
